RESEARCH ASSISTANTSHIPS

Research Assistant for Diego F. Leal, PhD

2025-

Project Title: *Building Stochastic Actor-Oriented Models to Investigate Social Network Influences on Youth Nicotine Product Use Transitions and to Simulate Different Intervention Effects across Contexts*

Funding Agency Title: National Institute of Health (NIH) [Grant ID: R01 CA290828]

Duties: (1) clean and create adolescent social networks based upon a set of name generators, (2) estimate stochastic-actor oriented models and meta-analyses, (3) write summary report memos of the results for a non-technical audience, and (4) conduct replications of existing studies.

Research Assistant for Diego F. Leal, PhD

2023-2025

Project Title: *HNDS-R Networks and Health Disparities in Delays in Diagnosis of Medical Conditions with Ambiguous Symptoms*

Funding Agency Title: National Science Foundation (NSF) [Grant IDs: NSF 224153576, 22415375, 224153757]

Duties: (1) Clean Medicaid claims data, (2) create novel network measures for two-mode networks, (3) analyze data with statistical network models like relational event models, and (4) develop an open-source software for the examination of large two-mode relational event sequences.

Research Assistant for Diego F. Leal, PhD

2021- 2023

Project Title: *Communication Interventions to Promote Smoking Cessation among Latino/as*

Funding Agency Title: National Institute of Health (NIH) [Grant ID: R01 CA215466-S1 Adm. Supplement]

Duties: (1) Distribute, maintain, create, and test surveys on Qualtrics, (2) collaborate and report data to a interdisciplinary team, (3) create network measures based on self-reported ego networks, such as a weighted extension of the E-I network index.
